What do I need to do as a business? : CW&C are asking businesses to please remove their alfresco between the hours stated above. Customers should be notified in advanced that the alfresco will not be in operation at a specified time. All furniture must be removed from the road, including tapping rails, planting, gazebos, umbrellas, signs, chairs and tables, etc. You may store your equipment against your premises providing there is a clear space for pedestrians to pass but please ensure it is secure and won't fall or cause a trip hazard. You can put the alfresco back out once the parade has passed and the crowd has dissipated, this should be no later than 13:30.
