What is a BID...

A Business Improvement District (BID) is a business-led partnership agreed by a ballot process to fund activities, services & improvements that benefit businesses and the place they operate.

Over 300 BIDs operate in towns and cities around the UK helping local areas thrive & grow.

BIDs run in five-year terms and are established when businesses within a designated area vote in favour of their creation. BIDs fund projects beyond the services provided by the local authorities (*BIDs do not fund projects that the local authority is statutorily obliged to fund*).

About Chester BID

Chester BID is the Business Improvement District for Chester City Centre funded by over 400 businesses. Now in its second term (2019-2024), 84% of voting businesses supported the continuation of the BID for another five years in the BIDs renewal ballot.

Chester BID's focus is to make Chester city centre the destination of choice for both business and consumers by driving footfall, increasing dwell times, and encouraging consumer spend.

Chester BID also provides practical support to its member businesses helping manage the city centre to ensure visitors experience a clean, safe, well managed city making them want to return time and again.

BID Membership

Businesses located within the BID area (see map) with a rateable value of £18,000 or over are mandatory members of the Chester Business Improvement District.

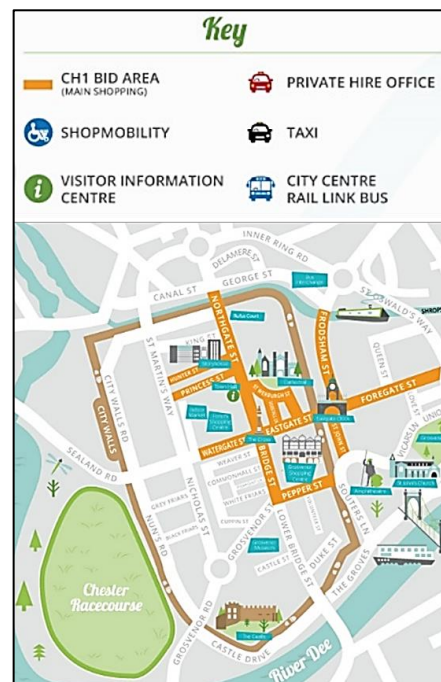

These members pay an annual levy equivalent to 1% of their premises rateable value which funds BID initiatives. They have voting rights during a BID re-ballot.

How can you join Chester BID?

For businesses that are in the BID area but fall below the £18,000 threshold or businesses located outside of the BID area we offer several voluntary membership options.

What did BID do during COVID?

On 16th March, in advance of the UK lockdown, Chester BID launched the #ChesterTogether campaign to support businesses and customers across the city centre. The outcomes of this campaign include: 60 pieces of press coverage (including ITV News, BBC Northwest and Radio Merseyside), social media reach of 975,000+ organically, experiencechester.co.uk received 67,000 visits, secured 800 FREE parking spaces daily for 4 months, saw footfall perform above the UK average. Campaign deliverables include: Digital High Street Map, Plan Your Visit Map, 6 week radio promotion with Dee 106.3, advertising in local press, door drops to 15,500 residents, poster suite and floor dots for businesses, and poster installations across the city.

Don't just take our word for it: Here's what our Voluntary Members say

"This is my fourth year as a voluntary member of Chester BID - their help, marketing advice and guidance has been invaluable, and I can see how their initiatives work to improve business in Chester. I highly recommend engaging with Chester BID and making the most of what it has to offer - as an independent business owner it works for me!"

Katie Jones, Owner of Weasel and the Bug Toyshop

"We reached out to Chester BID during lockdown (April 2020) after seeing the Digital High Street they created as part of the Chester Together campaign. We thought it was a great idea and have been really impressed with all the creative initiatives they've come up with to support the city centre and keep businesses and customers connected."

Jamie Moore, Whitmore & White, Food Hall & Wine Merchant

"As a business owner I joined Chester BID for their marketing support and to be better connected to the business community. Chester BID are incredibly responsive whenever I contact them about city centre issues and have been a huge help promoting my business. The Chester Gift Card is a great way to keep money on our high street and reach new customers. For me BID Membership is a no-brainer."

Laura Heywood, Owner of The Scented Garden Retreat, Salon and Shop
